Chapter 1 by Story Wars

So i was part of the whole SW group chat, but for some reason i'm not anymore, the little chat box is gone and i can't find it. I cant get onto the regular website either...looks like i'm on my own.

Chapter 2 by SaintSayaka

I grab a snack pack, my sword, and a map. The car keys jingle in my pocket as I walk to my car with my mission in mind.

If I can't enter the chat, I have little choice but to bring the chat to me.

The first on my list is the first user who first spoke to me. He's mentioned living in Arizona, a mere state away, which will be easy enough to pin him down to. I doubt that he'll be very happy to see me on his doorstep, but I'm sure that I'll think of something in the meantime.

The car starts shakily, and soon it its chugging down the deserted road. Few people live around this area, so I'll be alone for a while. I already miss the presence of the chat.

Soon enough, we'll be together.

Driving down the empty road, I feel a sense of freedom. No other cars or people blocking my way. I feel a sense of freedom as I cruise down the dirt path, leaving a cloud of dust behind me.
